Lord Howick recently made a splendid speech in the British house of Commons, going strongly for a further removal of the restriction that monopolies had imposed, and thus We have now heard from every Congressional District far succeeded in retaining, upon trade. He first detailed at great length the lamentable condition of the suffering population of Great Britain, then spoke of the causes of this suffering, and then of the remedy. Its existence afforded, of itself, a strong presumption there was something wrong in the social organism of his country. This was the arbitrary restrictive system that had been so suicidal to the interests of the people. It had nerrowed the field of domestic industry by lessening foreign importations; and he called upon Candidate for Representative of Marion County. Sir Robert Peel and his tory associates to follow out boldly to their consequences the principles they had boldly laid down. Lord Howick's speech is another heavy gun leveled at the protective system. He was replied to by Mr. Gladstone, a tory and churchman of the strictest sect.
